

COL. ROOSEVELT TALKED POLITICS

It Was With Henry L. Stimson,
Republican Candidate for
Governor of New York.

SOUTHERN TRIP ITINERARY

Leaves New York Thursday, Return-
ing Oct. 14—Will Travel in
Private Car.

Oyster Bay, Oct. 3.—Ex-President
Roosevelt talked politics for a time
today with Henry L. Stimson, Republi-
can candidate for governor, said good-
bye to Representative and Mrs. Long-
worth and in the afternoon visited near-
by relatives.

It was one of the few days of rest
that remain for him until after elec-
tion. He will go to Freeport, L. I., to-
morrow afternoon to speak to the
Southern New York Firemen's associa-
tion and to his office in New York Wed-
nesday. On Thursday his southern trip
begins.

On his return from the south he is
to start on a campaign tour of New
York state, which will keep him busy
until election day, except while he is
on his trip to New England late in
month and on his Iowa trip early in
November.

A detailed itinerary of his southern
trip was given out today. He will oc-
cupy a private car which, for most of
the journey, is to be attached to regu-
lar trains. Leaving New York over the
Pennsylvania railroad at 3:35 p.m.,
Thursday, short stops will be made at
West Philadelphia and Baltimore and
Washington. The party will reach
Bristol, Tenn., Friday morning, and
the following day, Sunday, Col. Roose-
velt is to spend in traveling over to
Memphis, reaching Memphis at 10:30
p.m. He is to stay there until 12:35
p.m., leaving over the Rock Island for
Hot Springs, Ark. He is to be in Hot
Springs from 8 a.m. until 5:30 p.m.,
when he is to leave over the Iron
Mountain for St. Louis, stopping on the
way at Benton at 5:45 p.m. for five
minutes.

Arriving at St. Louis at 7:15 a.m., Oct.
7.

ADVENTURE WITH WILDCAT AND MOUNTAIN LION

San Francisco, Oct. 3.—Charles Gra-
ham, aged 15, tried to kill a mountain
lion near Chico yesterday by hurling
a hatchet at the beast. The blade chip-
ped off the lion's ear and the enraged
animal was crouching to spring upon
the boy when his brother Edward, aged
17, who had witnessed the rash act of
the younger lad from a considerable
distance, sent a rifle bullet into the
lion, killing it instantly.

Near Monterey yesterday a wildcat
attacked Earl Norton, a boy, who was
riding a bicycle. Jumping off his
wheel, the lad seized a fence picket
and with a well-directed blow on the
head, managed to stun the animal and
dispatch it.

GREAT HISTORIC EVENT IN CHINA

Newly Constituted Imperial Sen-
ate Opened by the Regent,
Prince Chun.

IT IS SECOND STEP FORWARD

In Development of Popular Repre-
sentative Government—Affairs
Will Move Slowly.

Peking, China, Oct. 3.—China took
another forward step today when, at
noon, the newly constituted imperial
senate was opened by the regent,
Prince Chun. There was little cere-
mony to mark the historic event. In
a brief address Prince Chun said the
wish of the people was for a parlia-
mentary government and he com-
manded the senators to labor for this
consummation.

The imperial senate constitutes the
second stage in her development of
a popular representative government.
The first was the inauguration, a year
ago, of the provincial assemblies. The
crowning event will be the establish-
ment of a general parliament, prom-
ised for 1915.

The imperial senate is expected to
demonstrate the fitness of the Chinese
to rule themselves and to prepare the
way for a genuinely representative
government.

Affairs will move slowly. The mak-
ing of the senate is a sufficient guaran-
tee that the throne will keep a firm
hand on the body and directly influence
its actions. The radical element will
be held in restraint. Of the 208 mem-
bers, 100 were appointed by the throne,
while the others, though chosen by the
provincial assemblies, were not ad-
mitted until their election had been
approved by the viceroy of their prov-
ince.

ESTIMATE OF SEASON'S OUTPUT OF ALASKA GOLD

Seattle, Wash., Oct. 3.—The first esti-
mate of the season's gold output from
Alaska, made by the Alaska-Yukon Mag-
azine, anticipates a reduction of more
than \$500,000 from last year's output of
\$2,000,000. The estimate is \$1,500,000.
The chief falling off is in the Fairbanks
district, where there has been a dry sea-
son and where the beginning of dredge
mining on the low grade ground has not
yet commenced. A considerable decrease
of the Nome output is anticipated also.
The output by districts, as estimated, fol-
lows:

Fairbanks district, \$500,000; south-
west Alaska, including the Treadwell, \$4,
200,000; Nome and Seward peninsula,
\$3,000,000; Iditarod, \$200,000; Kobuk-
Noutak, \$200,000; Koyukuk, \$20,000; Kus-
kokwim and remainder of Yukon valley,
\$20,000; Kenai peninsula and Seward basin,
\$20,000; Prince William sound, \$100,000;
Copper River valley and Nizina, \$100,000;
Coast placers and miscellaneous, \$100,000.
Total, \$15,000,000.

BULLION AND BANK NOTES STOLEN FROM MAIL ROOM

Seattle, Wash., Oct. 3.—Gold bullion and
Canadian and United States bank notes,
the amount of which is not yet known,
but which aggregate many thousands of
dollars, were stolen from the mail room of
the steamship City of Seattle, from Skaga-
way, Alaska, last night or early today.
T. Buckley, sailor's mess boy on the ves-
sel, on whom eight gold bricks and a
large number of notes were found, was
arrested in connection with the robbery
as soon as the City of Seattle reached
her wharf here, and has been lodged in
the county jail.

The robbery was discovered today by
Mail Clerk Deatur as the steamer raised
an alarm and summoned Capt. C. H. White
of the City of Seattle, who ordered an
immediate search of the liner.

First Officer Thomas Johnson discovered
the bullion on the mess boy and after a
search a large amount of bank
notes wrapped around his legs were dis-
covered. An examination of the mail
room showed that almost every regis-
tered parcel on board had been rifled and
it has been found impossible to ascertain
exactly the extent of the robbery.

SPINNERS REFUSE TO ENTERTAIN TERMS

Manchester, Eng., Oct. 3.—The Federa-
tion of Master Spinners today refused
to entertain the revised terms of em-
ployment suggested by George Ranken
Askwith, comptroller general of the
commercial labor and statistical de-
partment of the board of trade and ac-
cepted by the operatives. Accordingly,
the lockout of 10,000 men continues.

Much disappointment is felt, as the
indications last night were that Mr. Ask-
with had found a way out of the un-
fortunate situation.

LAST VESSEL SAILS FOR NOME, ALASKA

Seattle, Wash., Oct. 3.—The steamship
Northwestern, the last vessel to make the
trip to Bering sea this season, sailed for
Nome, Alaska, last night. With the de-
parture of the Northwestern, communi-
cation by water with Seward peninsula
points is cut off until next June.

The steamer carries 75 passengers, in-
cluding many women on their way to
spend the winter with their husbands in
the north after a summer shopping ex-
cursion to Seattle, and a large cargo of
freight.

SAN FRANCISCO'S NEW CHIEF OF POLICE

San Francisco, Oct. 3.—At a meet-
ing of the board of police commissioners
held today, Capt. John T. Seymour was
appointed chief of police to succeed
John B. Martin, resigned. Seymour was
formerly a captain of detectives in this
city. He retired to become manager of
the Fair estate. Later, he was appointed
chief of the detective bureau of the
Wells-Fargo Express company, which po-
sition he resigned today to accept the
chiefdom of the police department.

tracted a bad cold and was threatened

NEVER ANY ITCHING.

After One Application of Poslam, the
New Skin Remedy.

Whenever eczema is present on
body, limbs or scalp, the first demand
is for something to stop the continual
itching. This poslam does with the
first application.

In trying the sample of poslam—
which is mailed free to any one upon
request by the Emergency Laborator-
ies, 32 West Twenty-fifth street, New
York City—it is best to use it on a
small surface and compare in the
morning with the surrounding skin
not so treated, noting the vast im-
provement. Or watch its quick work
in clearing the complexion (overnight),
removing pimples, undue redness,
rashes, eruptions, etc. Unless poslam
has been used the best means to rid
oneself of a skin affection have not
been employed. Poslam has done the
work in worst cases of eczema, acne,
itch, etc., where relief could not be
obtained by other means. Poslam is
sold in two sizes (trial, 50 cents;
regular jars, \$2) by all druggists, par-
ticularly Schramm-Johnson Drug Co.

NEW MEXICO CONVENTION.

One for Drawing Up Constitution
Meets in Santa Fe.

Santa Fe, N. M., Oct. 3.—New Mex-
ico's constitutional convention convened
today in the hall of representatives in
the capitol. Former Delegate to Congress
Thomas B. Catron called the conven-
tion to order after Rev. Jules Detarache,
chaplain of San Miguel church, the old-
est church in the United States, had
asked for the "seven gifts of the Holy
Ghost" to descend upon the delegates.
The oath of office was administered by
Judge John R. McFie, of the New Mexi-
co supreme court.

Charles A. Spence of Las Vegas was
elected president. His election signifies
that the conservatives are in control
of the convention and that the initia-
tive and prohibition will not be written into
the constitution, but that it will be a
purely fundamental document, as desired
by President Taft.

George W. Armijo of Santa Fe, a
rough rider, was elected clerk; Cas-
caro, of Pecos, of Las Cruces inter-
preter, and Major K. N. Whiting of Al-
buquerque, sergeant-at-arms.

The convention consists of 71 Republi-
cans and 29 Democrats. National
Committeeman Solomon Luna of Los
Angeles was selected as chairman of
the committee to propose the membership
of the working committees. The convention
will be in session for 60 days.

FORCED TO LEAVE HOME.

Every year a large number of poor
sufferers whose lungs are sore and
racked with coughs are urged to go to
another climate. But this is costly
and not always sure. There's a better
way. Let Dr. King's New Discovery
cure you at home. "It cured me of
lung disease," writes W. R. Nelson of
Calamine, Ark., "when all else failed
and I gained 47 pounds in weight. It's
surely the King of all cough and lung
cures." Thousands owe their lives and
health to it. It's positively guaranteed

SHIP BUILDING IN UNITED STATES IN 1910

Washington, Oct. 4.—The bureau of
navigation has reported that 125 sail and
steam vessels of 42,715 gross tons were
built in the United States during the
month of September, 1910. The largest
steam vessel erected in that period was
the Cyclops, 10,641 tons, a navy collier,
built in Philadelphia.

For the quarter ending September, 1910,
there were erected and officially num-
bered in the United States 375 sail and steam
vessels of 55,175 gross tons as against
374 vessels of 45,914 gross tons erected in
the corresponding quarter of 1909.

DRY FARMING CONGRESS IS FORMALLY OPENED

From His Summer Home in Beverly
Pres. Taft Gave the Signal in
Spokane Armory.

Spokane, Wash., Oct. 3.—Pressing a
button at his summer home in Beverly,
President Taft tonight gave the signal
in the Spokane armory for the formal
opening of the fifth dry farming con-
gress. After a salute to the interna-
tional colors and the singing of "Ameri-
ca" by public school pupils, Mayor N.
S. Pratt welcomed the delegates in be-
half of the city. Addresses of welcome
were also made by U. M. Fassett, presi-
dent of the Spokane chamber of com-
merce, and Gov. M. E. Hay.

President F. W. Mondell of Wyoming
being detained at home by illness, his
annual address was read by W. J. R.
Thatcher of the Washington state col-
lege.

A response in behalf of the interna-
tional delegates was delivered by Hew-
itt Bostoch of Dulles, D. C., represent-
ing the government of Great Britain.
A message from President Taft to
John T. Burns, secretary of the dry
farming congress, was read, as fol-
lows:

"Please extend to the delegates of the
fifth international dry farming con-
gress my hearty greetings and best
wishes for a most successful meeting,
where method and plans can be dis-
cussed which will greatly aid the de-
velopment of the semi-arid regions of
the west."
"Signed,"
"WILLIAM HOWARD TAFT."

Another from Theodore Roosevelt was
as follows:
"Oyster Bay, L. I., Oct. 3.
"John E. Burns, secretary, Spokane,
Wash."

"Accept my hearty good wishes for
the success of the dry farming con-
gress. The conquest of what was once
called the arid west is one of the most
notable of American achievements, and
it is being effected partly by the suc-
cessful irrigation and partly by success-
ful dry farming."

"With all good wishes,
"Signed,"
"THEODORE ROOSEVELT."

Sessions of the congress will be held
tomorrow forenoon, afternoon and eve-
ning.
